

## WHAT IS SPORTING CLAY?

A way for hunters to practice their skills on shooting courses designed to simulate different hunting situations. Stations are positioned in the woods or clearing. "Birds" are launched into the sky while "rabbits" bounce along the ground. Combining different speeds and angles along with different types and sizes of targets is what makes the game so challenging.

This event is open to members and their guests. We welcome the experienced and encourage those who have never shot at all to give it a try!

Bring your own shells or purchase them from Wild Marsh. Guns are not available to rent. Attendees will be required to practice gun safety at all times while on the course. Guns must remain cased until after the safety talk. Loaded guns are only allowed while at the target stations. 7 1/2, 8 or 9 shot size shells allowed.

There is a maximum registration,  
so register early!

### SHOOTER REGISTRATION INCLUDES

20 Stations to include 100 targets
